## Yealink UVC84-BYOD Meeting Kits for Medium and Large Rooms

Yealink UVC84-BYOD meeting kits are designed for medium and large rooms, providing excellent video and audio experience at a lower cost. Combined with a 4K sensor and a revolutionized new ID design, the Yealink UVC84 USB camera offers the best video experience for your meeting. Featured 12x optical lossless zoom and 3x digital zoom, UVC84 reproduces every detail in the meeting room, perfectly fitting for medium and large rooms. Furthermore, UVC84 covers a wide field of view of 80°, with a mechanical pan and tilt that can be easily done by remote control or Yealink camera control plug-in software. Either combined with an MSpeech USB speakerphone or VCM34 array microphone and MSpeaker II, UVC84-BYOD kits deliver best-in-class video and audio quality to all participants. All of that makes Yealink UVC84-BYOD kits the ideal choice for truly collaborative, true-to-life communication in medium and large rooms.

### Key Features and Benefits

- 4K video at 30 frames per second
- 12x optical zoom, 3x digital zoom, presenting crystal-clear video image
- Mechanical Pan, Tilt, and Zoom
- Auto Framing feature, more intelligent meeting experience
- Smooth PTZ control by remote control or Yealink camera control plug-in
- Excellent audio experience
- Long endurance with BYOD box
- Easy to deploy

### 4K Ultra HD video quality

UVC84 camera delivers 4K video output with excellent sharpness and smoothness, accurately reproducing every detail and color. Therefore, awarding you a vivid video experience.

### HD zoom, large field of view

With 12x optical zoom, 3x digital zoom, and 80° field of view, UVC84 can easily cover a medium or large meeting space. The remote party can clearly see everyone sitting in the meeting room.

### Auto Framing

UVC84 camera aims to provide a better auto framing feature to free your hands from doing PTZ control and make

you focus on your meeting.

#### Excellent Audio Experience

UVC84 camera integrates the audio feature in it as well. Perfectly working with the UVC84 camera, the VCM34 array microphone combined with the MSpeaker II soundbar can provide a wonderful audio experience. You can also use the MSpeech USB speakerphone as the audio device, awarding you a crystal voice experience.

#### Long Endurance

Capable of charging laptops via Type-C cable of BYOD box, this solution allows users to take a long meeting without their power adapters.

#### Easy and Flexible deployment

The complete mounting kits bring you a quick and flexible installation method, which allows you to either put UVC84 on the conference table or mount it on the top of the TV, on the wall, on the ceiling, onto a TV stand or on a tripod according to your needs.

### Specification

Parameter	Description
Package for Medium Room	<ul style="list-style-type: none"><li>· UVC84 Camera</li><li>· VCR20 Remote Control</li><li>· MSpeech USB Speakerphone</li><li>· BYOD Box</li></ul>
Package for Large Room	<ul style="list-style-type: none"><li>· UVC84 Camera</li><li>· VCR20 Remote Control</li><li>· 2 - 4 VCM34 Microphone Array</li><li>· MSpeaker II Soundbar</li></ul>
Yealink UVC84 Camera	<ul style="list-style-type: none"><li>· 4K sensor</li><li>· 80° FoV</li><li>· 12x optical zoom, 3x digital zoom</li><li>· Pan: ±100°, Tilt: +40°, -90°</li><li>· Auto Framing</li><li>· Camera presets</li></ul>
UVC84 Connections	<ul style="list-style-type: none"><li>· 1x USB2.0 Type-B port</li><li>· 1x Yealink microphone port (RJ-45)</li><li>· 1x 3.5mm line-out port</li><li>· 1x Power port</li><li>· 1x Security lock slot</li><li>· 1x Reset slot</li></ul>
VCM34 Array Microphone	<ul style="list-style-type: none"><li>· Built-in 3-microphone array</li><li>· 360° 20ft (6-meter) voice pickup range</li><li>· Cascade connection up to 6 units</li><li>· Mute button with bicolor LED</li></ul>
MSpeaker II Soundbar	<ul style="list-style-type: none"><li>· Frequent response: 100Hz - 20KHz</li><li>· S/N: ≥70dB</li><li>· 1 x Line-in (3.5 mm)</li></ul>

MSpeech USB Speakerphone	<ul style="list-style-type: none"><li>· 3 MEMS microphone array for HD voice pickup</li><li>· 4W HD Speaker</li><li>· 360° 20ft (6-meter) voice pickup range</li><li>· Full-duplex technology</li><li>· Acoustic echo cancellation (AEC)</li></ul>
Yealink BYOD Box	<ul style="list-style-type: none"><li>· 2 x USB3.0 Type-A port</li><li>· 1 x HDMI output</li><li>· 1 x 1.5m Type-C cable for connecting to laptop, support charging via USB-C on laptop</li><li>· 1 x Type-C port for power adapter</li><li>· PD power adapter</li></ul>
Package Features (Medium Room)	<ul style="list-style-type: none"><li>· N.W/CTN: 4.7 Kg</li><li>· G.W/CTN: 5.3 Kg</li><li>· Carton Meas: 398 mm x 285 mm x 322 mm</li></ul>
Package Features (Large Room with 2 VCM34)	<ul style="list-style-type: none"><li>· N.W/CTN: 6.1 Kg</li><li>· G.W/CTN: 7.1 Kg</li><li>· Carton Meas: 595 mm x 422 mm x 232 mm</li></ul>
Other Physical Features	<ul style="list-style-type: none"><li>· External Yealink Power Adapter for UVC84 and MSpeaker II: AC 100 - 240V input and DC 48V/0.7A Output</li><li>· Operating humidity: 10 - 95%</li><li>· Operating temperature: 0 - 40°C</li></ul>
